REPORT OF INDEPENDENT AUDITOR

DANILO R. SO
Managing Officer/ Owner
DRS BUILDERS & SUPPLY

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of DRS BUILDERS & SUPPLY which comprise the Statement of Financial Condition as at December 31, 2021, and the related Statement of Financial Operation, and the Statement of Cash Flows for the period then ended, and the notes to the financial statements comprising of a summary of significant accounting policies and other explanatory notes.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of DRS BUILDERS & SUPPLY as at December 31, 2021 and its financial performance for the period then ended in accordance with Philippine Financial Reporting Standards (PFRS).

Basis for Opinion

I conducted the audit in accordance with the Philippine Standards on Auditing (PSAs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Entity in accordance with the International Ethics Standards Board for Accountants (IESBA) Code of Ethics for Professional Accountants in the Philippines, and I have fulfilled the other ethical responsibilities in accordance with these requirements that are relevant to my audit of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of Management and Those Charged with Governance of the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability as a going concern, disclosing as applicable, matters related to going concern and using going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

**Report On The Supplementary Information Required Under
Revenue Regulations JTS-2010**

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes, duties and license fees in the notes to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of management. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
